

PERGUNTAPROZECA INC.

FOUNDERS' UNANIMOUS SHAREHOLDERS AGREEMENT

(Unanimous Shareholders Agreement under the Canada Business Corporations Act)

Effective Date: April 14, 2025

Place of execution: Calgary, Alberta, Canada

PARTIES

This Founders' Unanimous Shareholders Agreement (the "Agreement") is made and entered into by and among the following individuals (each a "Founder" and collectively, the "Founders" or the "Parties"):

- Matheus Carvalho Pessanha, of 60 Magnolia Bay SE, Calgary, Alberta, T3M 3S4, Canada — Chief Legal & Operations Officer (CLOO) ("Matt")
- Charles Bamam Medeiros de Souza, of Av. Abel Cabral 1397 Torre A Apto 1001, Nova Parnamirim, 59151-250, Brazil — Chief Product Officer (CPO) ("Charles")
- Igor Schkrab Alves, of 83 Auburn Glen Ln SE, Calgary, Alberta, T3M 0K2, Canada — Chief Technology Officer (CTO) ("Igor")
- Joel Alves Lima, of 528 Belmont Heath SW, Calgary, Alberta, T2X 0K4, Canada — Chief Marketing Officer (CMO) ("Joel")
- Vinicius Pettan Tedesco, of 254 Chapalina Pl SE, Calgary, Alberta, T2X 3P4, Canada — Chief Commercial Officer (CCO) ("Vinicius")

RECITALS

A. The Parties have formed or intend to operate a federally incorporated corporation under the Canada Business Corporations Act (the “CBCA”) named PerguntaProzeca Inc. (the “Company”), and have registered (or intend to register) the Company to carry on business in Alberta and such other provinces or territories as may be required.

B. The Parties wish to set out the ownership, vesting, governance, transfer restrictions, intellectual property assignment, confidentiality, compensation structure, and dispute resolution framework for the Company.

C. The Parties intend that, upon the issuance of shares to the Founders, this Agreement will operate as a unanimous shareholders agreement under the CBCA (often abbreviated in Canadian corporate practice as a “USA” — this acronym refers to “Unanimous Shareholders Agreement,” not the United States of America).

Accordingly, the Parties agree as follows:

1. DEFINITIONS

In this Agreement, unless the context otherwise requires:

1.1 “Affiliate” means any person or entity that directly or indirectly controls, is controlled by, or is under common control with a Founder or the Company.

1.2 “Agreement” means this Founders’ Unanimous Shareholders Agreement, including all Appendices and Schedules, as amended from time to time in accordance with this Agreement.

1.3 “Approved Paid Work” means any services performed by a Founder for which salary, fees, reimbursement, consulting compensation, bonus, or other payment has been expressly approved in advance by the Board in writing.

1.4 “Assigned IP” means all intellectual property and work product that a Founder creates specifically for the Company, contributes specifically to the Company, or expressly transfers to the Company in writing, including any Company Work Product and any Contributed Platform Assets identified in Appendix B as assigned to the Company.

1.5 “Background IP” means any intellectual property, tools, code libraries, frameworks, templates, know-how, systems, processes, materials, or other proprietary assets that were developed, acquired, or controlled by a Founder or a third party outside the scope of the Company before contribution to the Company, and that are not expressly assigned to the Company under this Agreement.

1.6 “Bad Leaver” means a Founder whose Continuous Service ends due to resignation (other than with Founder Supermajority Approval), or termination for Cause.

1.7 “Board” means the board of directors of the Company.

1.8 “Business Day” means any day other than Saturday, Sunday, or a statutory holiday in Alberta, Canada.

1.9 “Cause” means, with respect to a Founder: (i) fraud, theft, dishonesty, or willful misconduct that materially harms the Company; (ii) gross negligence or willful breach of fiduciary duty or duty of care owed to the Company; (iii) material breach of this Agreement or any written policy of the Company, after written notice and a reasonable opportunity to cure (if curable); or (iv)

conviction for an offence involving fraud, theft, or dishonesty that materially impairs the Founder's ability to perform for the Company.

1.10 "Class A Common Shares" means the voting common shares of the Company.

1.11 "Class B Shares" means any class of non-voting or limited-voting shares that may be created or issued under the Company's Articles from time to time, subject to the CBCA and this Agreement.

1.12 "Cliff Period" means the initial twelve (12) month period following the Effective Date during which no additional shares vest under a vesting schedule.

1.13 "Closing" has the meaning set out in Section 3.7.

1.14 "Company IP" means all Assigned IP, Company Work Product, and all other intellectual property rights owned by the Company from time to time, including all inventions, software, source code, object code, documentation, designs, trade secrets, know-how, data, databases, trademarks, branding, domain names, marketing materials, playbooks, scripts, processes, improvements, and other intellectual property and proprietary materials that are created specifically for the Company, acquired by the Company, or validly assigned to the Company under this Agreement or any related written instrument.

1.15 "Company Work Product" means all work product created, authored, developed, or delivered by any Founder, alone or jointly, specifically for the Company or its business, within the scope of that Founder's activities for the Company, including product features, code commits, technical architecture, UI/UX artifacts, marketing campaigns, sales playbooks, SOPs, legal templates, governance materials, customer-facing assets, and derivative works thereof, but excluding any Background IP or Excluded IP except to the extent expressly assigned in writing.

1.16 “Confidential Information” means all non-public information relating to the Company or its business, including business plans, product plans, code, inventions, financial information, customer information, marketing plans, internal processes, pricing, strategy, trade secrets, and any non-public information received by the Company or a Founder from a third party under a duty of confidence, but excluding information that becomes public other than through a breach of duty, was already lawfully known without restriction, is lawfully obtained from a third party without breach, or is independently developed without use of protected information.

1.17 “Continuous Service” means a Founder’s continuous service to the Company as an officer, director, employee, or contractor, without a break longer than thirty (30) days unless approved by Founder Supermajority Approval.

1.18 “Contributed Platform Assets” means the specific pre-existing platforms, technologies, codebases, product components, documentation, business systems, and related assets expressly identified in Appendix B as being assigned to the Company.

1.19 “Excluded IP” means any Background IP, personal projects, independent business assets, third-party materials, NDA-restricted materials, and other intellectual property specifically identified as excluded from assignment in Appendix B or in any written update approved by Founder Supermajority Approval.

1.20 “Fair Market Value” or “FMV” means the fair market value of shares as determined in good faith by the Board acting reasonably, using (i) an independent third-party valuation, or (ii) if the Board decides an independent valuation is not cost-effective, a reasonable formula consistently applied (for example, a multiple of revenue, a multiple of EBITDA where applicable, or a comparable financing valuation), subject to Founder Supermajority Approval for the method.

1.21 “Founder Shares” means the Class A Common Shares issued to the Founders under Section 3.4, whether vested or unvested.

1.22 “Founder Supermajority Approval” means the written approval (including electronic signature) of at least four (4) of the five (5) Founders.

1.23 “Good Leaver” means a Founder whose Continuous Service ends due to death, permanent disability, or termination without Cause by Founder Supermajority Approval.

1.24 “Reserved Equity Pool” means an unissued equity reserve equal to ten percent (10%) of the Company’s fully diluted capitalization, intended for issuance to future employees, advisors, contractors, or strategic partners in accordance with this Agreement.

1.25 “Reserved Matters” has the meaning set out in Section 8.2.

1.26 “Retained Earnings Threshold” means positive retained earnings of not less than CAD \$150,000, as shown on the Company’s internal financial statements or accountant-prepared financial statements, as approved by the Board in good faith.

1.27 “Solvency Test” means the applicable solvency tests under the CBCA for dividends and share purchases/redemptions, including that the Company must not (and would not, after the payment) be unable to pay its liabilities as they become due, and the realizable value of its assets must not be less than the aggregate of its liabilities and stated capital, as applicable under the CBCA.

1.28 “Unvested Shares” means shares subject to the Company’s Repurchase Option under Section 4 that have not yet vested.

1.29 “Vested Shares” means shares no longer subject to the Company’s Repurchase Option because they have vested under Section 4.

2. INCORPORATION & PURPOSE

2.1 Federal corporation; Alberta operations. The Company is federally incorporated under the CBCA as PerguntaProzeca Inc. The Company is registered (or will be registered) to carry on business in Alberta and may register in other provinces and territories as required.

2.2 Business purpose. The Company's purpose is to operate a multilingual web and mobile platform designed to centralize and promote Brazilian and immigrant-owned businesses in Canada and beyond through AI-powered engagement and classified marketing services.

2.3 Platform consolidation. The Founders acknowledge and agree that, as part of the formation and capitalization of the Company, certain pre-existing platforms, technologies, codebases, product components, documentation, business systems, and related assets developed or controlled by one or more Founders, including the assets identified in Appendix B as Contributed Platform Assets, are being contributed to and consolidated under the Company for the purpose of building and operating the Company's business.

To the extent expressly identified in Appendix B as a Contributed Platform Asset, each applicable Founder hereby irrevocably assigns, transfers, and conveys to the Company all right, title, and interest in and to such Contributed Platform Asset, including all associated intellectual property rights, source code, object code, documentation, designs, databases, derivative works, improvements, modifications, and goodwill associated with such assigned asset.

For clarity, only those assets expressly identified in Appendix B as assigned Contributed Platform Assets shall transfer to the Company under this Section. Any Background IP or Excluded IP that is not expressly identified as assigned shall remain the property of the applicable Founder or third-party owner.

To the extent any non-assigned Background IP or Excluded IP is incorporated into or reasonably necessary for the operation, maintenance, support, or commercialization of an assigned

Contributed Platform Asset, the applicable Founder grants to the Company an irrevocable, perpetual, worldwide, royalty-free, fully paid-up license to use, reproduce, modify, maintain, display, perform, distribute internally, and otherwise exploit such non-assigned Background IP or Excluded IP solely to the extent necessary to operate, support, improve, and commercialize the Company's business and the assigned Contributed Platform Asset. Such license shall survive any Founder's departure from the Company and shall not be terminable except by written agreement of the Company.

3. CAPITAL STRUCTURE; FOUNDER SHARE SUBSCRIPTIONS

3.1 Authorized shares. The Parties acknowledge that the Company's Articles authorize (or will be amended to authorize) Class A Common Shares and may authorize Class B Shares. The rights, privileges, restrictions, and conditions attached to each class are as set out in the Articles and the CBCA.

3.2 No shares issued as of signing (intended process). The Parties confirm that, as of the signing of this Agreement, Founder shares have not yet been issued (or will be issued immediately following execution). The Founders agree that the issuance of Founder shares will be completed only after (i) this Agreement is executed, and (ii) the vesting enforcement documents in Appendix C are executed and delivered into escrow as described in Section 4.

3.3 Founder fully diluted allocation. The Parties agree that the Company's initial fully diluted capitalization will be one million (1,000,000) shares on a fully diluted basis, comprised of: (i) 900,000 Class A Common Shares to be issued to the Founders, and (ii) 100,000 Class A Common Shares reserved (unissued) for the Reserved Equity Pool. Accordingly, immediately after Founder issuance and before any Pool grants, the Founders collectively hold 100% of the issued shares and 90% on a fully diluted basis.

3.4 Founder allocations (Class A Common Shares). On Closing, the Company will issue to the Founders the following Class A Common Shares:

- Charles: 247,500 Class A Common Shares (24.75% fully diluted)
- Igor: 247,500 Class A Common Shares (24.75% fully diluted)
- Joel: 180,000 Class A Common Shares (18.00% fully diluted)
- Vinicius: 112,500 Class A Common Shares (11.25% fully diluted)
- Matt: 112,500 Class A Common Shares (11.25% fully diluted)

3.5 Issue price and consideration. The subscription price for Founder Class A Common Shares will be CAD \$0.01 per share (or such other nominal price as may be approved by Founder Supermajority Approval), provided that the Board must determine by resolution that the consideration received for the shares (cash, property, and/or past services, including the IP assignments and work product contributions in Appendix B) is not less than the fair equivalent of the money the Company would have received if the shares were issued solely for money, as required under the CBCA. If any Founder pays cash, such cash is credited to stated capital.

3.6 Reserved Equity Pool. The Reserved Equity Pool equals 100,000 Class A Common Shares (10% fully diluted) and remains unissued until granted in accordance with Section 10 and Appendix D.

3.7 Closing. “Closing” means the completion of all of the following on the same day (or such other timing approved by Founder Supermajority Approval): (i) execution of this Agreement by all Founders; (ii) execution of Appendix B by all Founders; (iii) execution and delivery into escrow of the Appendix C documents; (iv) Board resolutions approving Founder issuance and confirming stated capital entries; and (v) updating the Company’s securities register to reflect the Founder issuance.

4. VESTING; COMPANY REPURCHASE OPTION; ESCROW MECHANICS

4.1 Purpose. The vesting provisions are designed to ensure that Founder equity is earned through Continuous Service, and to provide a clear and enforceable mechanism for the Company to repurchase Unvested Shares when a Founder departs.

4.2 Vesting schedules.

(a) Charles and Igor: 25% of their Founder Shares vest immediately at Closing; the remaining 75% vest monthly over thirty-six (36) months following the Cliff Period, subject to Continuous Service.

(b) Joel, Vinicius, and Matt: 0% vests immediately; 100% vests monthly over forty-eight (48) months following the Cliff Period, subject to Continuous Service.

4.3 Repurchase Option (mechanically enforceable). Each Founder's Founder Shares will be issued as restricted shares subject to the Company's option to repurchase the Unvested Shares (the "Repurchase Option"). If a Founder becomes a Bad Leaver, the Company may repurchase all Unvested Shares at the original subscription price paid for those shares (or, if the Board approved non-cash consideration, at CAD \$0.01 per share) and cancel or hold them as treasury shares, subject to applicable CBCA solvency restrictions.

4.4 Good Leaver treatment. If a Founder is a Good Leaver, the Company may by Founder Supermajority Approval repurchase some or all Unvested Shares at the original subscription price, or accelerate vesting in whole or in part. Unless Founder Supermajority Approval provides otherwise in writing, there is no automatic acceleration.

4.5 Vested Shares repurchase. Upon any departure, the Company may, but is not required to, offer to repurchase some or all Vested Shares at FMV, subject to the CBCA and the Solvency Test. Any such repurchase is a Reserved Matter.

4.6 Escrow and transfer instruments. To make vesting and repurchase enforceable, each Founder must, at Closing, sign and deliver into escrow: (i) a share transfer power or blank transfer for Unvested Shares, (ii) an escrow letter or instructions, and (iii) a limited power of attorney allowing the Company to complete and register the transfer of Unvested Shares if the Repurchase Option is exercised. Templates are in Appendix C. The escrow agent will be the Company's corporate secretary (initially the CLOO) unless otherwise appointed by the Board.

4.7 Failure to deliver escrow documents. If a Founder fails to deliver the Appendix C documents at Closing, the Company will not issue shares to that Founder until the documents are delivered, and the Founder will have no shareholder rights until issuance.

5. FOUNDER SERVICES, SWEAT EQUITY, AND COMPENSATION

5.1 Sweat equity structure. Each Founder acknowledges and agrees that, except as expressly approved under Section 5.3, the Founder's services to the Company are being contributed on a sweat equity basis in consideration of such Founder's equity participation, governance rights, and role in the Company, and not in exchange for salary, wages, consulting fees, or other cash compensation.

5.2 No cash compensation before threshold. No Founder shall be entitled to salary, wages, management fees, contractor fees, consulting compensation, bonuses, or other cash payments from the Company unless and until the Company has reached the Retained Earnings Threshold and such payment is thereafter approved by the Board in writing.

5.3 Approved paid work only by prior written Board approval. Any Founder services that are intended to be compensated in cash, whether as consulting work, technical development, design work, legal or operational support, management services, or otherwise, must be specifically approved by the Board in writing before such services are performed. Absent such prior written Board approval, all Founder services shall be deemed uncompensated sweat equity contributions.

5.4 No accrual or retroactive entitlement. No Founder shall accrue any automatic right to deferred compensation, back pay, reimbursement, consulting fees, or similar payment by reason only of having provided services to the Company, unless such entitlement is expressly documented in a separate written agreement approved by the Board.

5.5 Separate written agreements permitted after threshold. After the Company has reached the Retained Earnings Threshold, the Company may, but is not obligated to, enter into employment agreements, consulting agreements, compensation resolutions, reimbursement policies, or similar arrangements with one or more Founders, subject to Board approval and this Agreement.

5.6 Equity not compensation guarantee. Each Founder acknowledges that ownership of shares does not guarantee salary, consulting income, dividend payments, liquidity, or any minimum financial return.

6. PROFIT DISTRIBUTIONS AND DIVIDEND POLICY

6.1 No guaranteed dividends or distributions. No Founder shall have any guaranteed right to receive dividends, profit distributions, or other shareholder payments from the Company.

6.2 Default reinvestment policy before threshold. Until the Company has reached the Retained Earnings Threshold, the Company's default policy shall be to retain and reinvest earnings into the business, unless otherwise approved by the Board and permitted by applicable law.

6.3 Threshold for considering founder distributions. After the Company has reached the Retained Earnings Threshold, the Board may consider declaring dividends or other lawful shareholder distributions, but shall have no obligation to do so.

6.4 Dividends paid by share ownership, not service contribution. Any dividends declared by the Company shall be paid in accordance with the rights attaching to the applicable class of shares and shall reflect share ownership, not the relative amount of work, services, or time contributed by any Founder, unless otherwise validly structured under the Company's Articles and applicable law.

6.5 Solvency certificate required. Before any dividend, distribution, redemption, repurchase, or similar payment, the Board must approve a written solvency certificate stating the Board's reasonable grounds for concluding that the Solvency Test is satisfied, supported by current financial statements or management accounts.

6.6 Board approval and legal compliance required. No dividend, distribution, redemption, repurchase, or similar payment shall be made unless approved in accordance with this Agreement, the Company's Articles, and the applicable solvency and legal requirements governing such payment.

6.7 Separate compensation remains separate. For clarity, shareholder distributions are separate from compensation for services. Any compensation for Founder services must comply with Section 5 and any separate written agreement approved by the Board.

7. GOVERNANCE; BOARD; USA EFFECT

7.1 USA intent. This Agreement is intended to operate as a unanimous shareholders agreement under the CBCA, to the extent it restricts director powers and allocates decision rights among shareholders. To the extent this Agreement restricts director powers, the Parties acknowledge the CBCA may impose director-like duties and liabilities on those exercising restricted powers.

7.2 Board composition. The Board will consist of three (3) directors unless changed in accordance with this Agreement and the Articles. The Founders will elect two (2) Founder

Directors by Founder Supermajority Approval, and will appoint one (1) independent director by Founder Supermajority Approval.

7.3 Resident Canadian director requirement. The Parties acknowledge that the CBCA requires at least one resident Canadian director when the Company has fewer than four directors. Accordingly, at least one of the Company's directors must be a resident Canadian at all times.

7.4 Quorum and voting. Quorum for Board meetings is two (2) directors. Each director has one vote. For clarity, Board voting rights under this Agreement are allocated on a per-director basis and are not proportional to share ownership percentage, and Founder approval rights under this Agreement are allocated on a per-Founder basis and are not proportional to share ownership percentage, unless this Agreement expressly provides otherwise. Board decisions are approved by simple majority of directors present unless this Agreement requires Founder Supermajority Approval.

8. RESERVED MATTERS

8.1 Founder Supermajority Approval. For clarity and without limiting the definition in Section 1, Founder Supermajority Approval means the written approval of at least four (4) of the five (5) Founders, allocated on a per-Founder basis and not in proportion to share ownership percentage unless this Agreement expressly provides otherwise.

8.2 Reserved Matters. The Company will not take, and the Board will not approve, any of the following actions without Founder Supermajority Approval (each a "Reserved Matter"):

(a) issuing, transferring, redeeming, repurchasing, granting, allocating, or committing any shares or equity-linked instruments (including options, warrants, SAFEs, convertible notes), and creating or amending any equity incentive plan, including any issuance from or change to the Reserved Equity Pool;

- (b) amending the Articles, by-laws, or this Agreement, or changing the rights attached to any class of shares;
- (c) incurring indebtedness, granting guarantees, or entering any financing arrangement above CAD \$25,000 in aggregate if no annual budget is approved, or above approved thresholds in an annual budget;
- (d) approving any single contract, commitment, or expenditure above CAD \$25,000 or with a term longer than twelve (12) months, other than in the ordinary course and within an approved budget;
- (e) hiring or terminating any Founder from an executive role, appointing or removing the CEO, CFO, CTO, or other equivalent officer, if such roles exist, or materially changing a Founder's compensation or duties;
- (f) entering any related-party transaction involving a Founder or an Affiliate of a Founder except on arm's-length terms approved after full disclosure by the non-interested Founders and/or the independent director;
- (g) selling, assigning, licensing on an exclusive basis, pledging, or otherwise disposing of material Company IP or material assets, or approving any merger, amalgamation, reorganization, or sale of all or substantially all of the Company's assets;
- (h) declaring dividends or distributions; and
- (i) dissolving, liquidating, or winding up the Company, or filing for insolvency protection.

9. TRANSFERS; ROFR; TAG-ALONG; DRAG-ALONG

9.1 General restriction. No Founder may transfer, assign, pledge, or otherwise dispose of any shares except as permitted by this Agreement and as approved as a Reserved Matter where required.

9.2 Company Right of First Refusal (ROFR) mechanics.

(a) Notice. A Founder proposing to transfer shares (the “Selling Founder”) must deliver a written notice to the Company and the other Founders (the “Transfer Notice”) stating the number and class of shares, the proposed price, the proposed purchaser, and all material terms.

(b) Company ROFR period. The Company has thirty (30) days after receipt of the Transfer Notice to elect by Board resolution approved as a Reserved Matter to purchase all, and not less than all, of the offered shares on the same terms.

(c) Founder ROFR period. If the Company does not elect to purchase all offered shares, the remaining Founders collectively have thirty (30) days to elect to purchase the offered shares pro rata to their shareholdings, or as otherwise agreed among them, on the same terms.

(d) Third-party sale. If the Company and Founders do not purchase all offered shares, the Selling Founder may sell the offered shares to the proposed purchaser on the stated terms within sixty (60) days, provided that the purchaser executes a joinder to this Agreement and receives notice that the shares are subject to this Agreement.

(e) Closing and payment. Closing will occur within thirty (30) days after an election to purchase, with payment in cash unless otherwise agreed. If the purchaser is the Company, the purchase is subject to the CBCA solvency restrictions.

9.3 Tag-along. If a Founder proposes to sell shares to a third party, the other Founders may participate and sell a pro rata portion of their shares on the same terms, subject to the ROFR process above.

9.4 Drag-along. If holders of at least seventy-five percent (75%) of the voting shares approve a bona fide sale of the Company or all or substantially all assets, each Founder agrees to vote in favour and take all actions reasonably required to complete the transaction, subject to receiving the same per-share consideration and terms, as applicable.

10. RESERVED EQUITY POOL

10.1 Pool size. The Company reserves 100,000 Class A Common Shares, equal to 10% fully diluted, as the Reserved Equity Pool.

10.2 Use of Pool. The Pool may be used for employees, advisors, contractors, and strategic partners, as determined by the Board and approved as a Reserved Matter.

10.3 Default vesting. Unless otherwise approved as a Reserved Matter, equity issued from the Pool for services will vest over four (4) years with a one (1) year cliff.

11. INTELLECTUAL PROPERTY; CONFIDENTIALITY; NON-SOLICITATION; LIMITED NON-COMPETE

11.1 Assignment. Each Founder assigns to the Company the Assigned IP, Company IP, and Company Work Product, in each case only to the extent set out in this Agreement and Appendix B, and subject to any Excluded IP or Background IP carve-outs expressly identified in Appendix B.

11.2 Confidentiality. Each Founder must keep Confidential Information strictly confidential and use it only for Company purposes. This obligation survives termination and continues indefinitely for trade secrets and for two (2) years for other Confidential Information, to the maximum extent permitted by law.

11.3 Return and deletion of Company materials on exit. Upon a Founder's departure or upon the Company's written request, that Founder shall immediately cease using Company Confidential Information and Company systems, and shall promptly return or permanently delete, at the Company's direction, all Company credentials, repositories, files, documentation, customer data, internal records, devices or storage media belonging to the Company, and other Company property in that Founder's possession or control, subject only to any retention required by law.

11.4 Non-solicitation. For twelve (12) months after a Founder's departure, the Founder must not solicit Company employees or contractors to leave, or solicit Company customers, clients, or prospects for a competing business, in each case to the extent reasonable and enforceable under applicable law.

11.5 Limited non-compete (reasonableness). During such Founder's involvement with the Company and for a period of twelve (12) months after such Founder ceases to provide services to, hold office with, or otherwise be actively involved in the Company for any reason, that Founder shall not, directly or indirectly, alone or with any other person, as owner, shareholder, partner, member, employee, contractor, consultant, advisor, promoter, financier, or otherwise, carry on, build, operate, assist, finance, advise, or participate in any business in Canada that is substantially similar to, competitive with, or intended as a commercial substitute for the Company's core business as conducted, commercialized, or actively developed at the time of such Founder's departure.

For the purposes of this Section, a competing business includes any business that operates, develops, commercializes, or materially assists in the operation of a multilingual directory, marketplace, classified marketing platform, AI-powered engagement platform, or other substantially similar platform serving Brazilian-owned, immigrant-owned, or similar small-business communities in Canada, where such business uses or materially derives from the Company's platform structure, business model, technical architecture, product logic, workflow design, playbooks, commercialization strategy, confidential information, trade secrets, assigned intellectual property, customer strategy, partner strategy, growth systems, prompt frameworks, internal operating systems, or materially similar know-how developed for or used by the Company.

Without limiting the foregoing, no Founder shall, during such restricted period, directly or indirectly create, launch, operate, support, advise, finance, or materially assist any lookalike, copycat, derivative, or functionally similar business that reproduces, adapts, or materially imitates the Company's core platform, structure, systems, intelligence, strategies, architecture, or Company-specific methods in a manner that competes with the Company.

If the Company is dissolved, wound up, or otherwise ceases active operations, each Founder agrees that the restriction in this Section will continue for twelve (12) months following such dissolution, winding-up, or cessation of operations only to the extent that the Company's business, goodwill, platform assets, user base, customer relationships, brand, data, confidential information, or material intellectual property are being sold, transferred, continued, exploited, or carried on by the Company, any remaining Founder, or any successor or purchaser.

Nothing in this Section prohibits: (a) passive ownership of up to five percent (5%) of a publicly traded company; (b) activities expressly approved in writing by Founder Supermajority Approval; or (c) ownership, use, or exploitation of any Excluded IP or Background IP that does not result in competition prohibited by this Section.

The Parties acknowledge that this Section is intended to be reasonable in duration, geography, and scope of restricted activities, and to protect the legitimate interests of the Company in its goodwill, confidential information, customer and partner relationships, commercialization strategy, and assigned intellectual property. If any portion of this Section is found unenforceable, it shall be enforced to the maximum extent permitted by applicable law.

12. DISPUTE RESOLUTION; GOVERNING LAW

12.1 Governing law. This Agreement is governed by the laws of the Province of Alberta and the federal laws of Canada applicable in Alberta. Corporate governance and the validity and effect of this Agreement as a unanimous shareholders agreement are governed by the CBCA.

12.2 Arbitration. Except for applications for injunctive relief to protect Company IP or Confidential Information, any dispute arising out of or relating to this Agreement will be finally resolved by confidential and binding arbitration with the seat in Calgary, Alberta. If the dispute is an international commercial arbitration under Alberta law, the International Commercial Arbitration Act (Alberta) applies; otherwise, the Arbitration Act (Alberta) applies. The arbitration will be conducted by one neutral arbitrator appointed by mutual agreement, failing which by an appointing authority selected by the arbitrator-appointment rules of ADR Institute of Canada or a comparable Canadian appointing authority.

13. NOTICES

13.1 Method. Notices must be in writing and may be delivered by (i) personal delivery, (ii) courier, or (iii) email to the most recent email address provided by the recipient to the Company for notice purposes. Email notice is effective when sent, provided no delivery failure notice is received; courier or personal delivery is effective when delivered.

13.2 Address. The addresses for personal or courier delivery are the addresses listed in the Parties section above, as updated by written notice.

14. MISCELLANEOUS

14.1 Entire agreement. This Agreement, including the Appendices, is the entire agreement among the Parties on its subject matter and supersedes prior understandings.

14.2 Amendment. Any amendment requires Founder Supermajority Approval and compliance with the CBCA where applicable.

14.3 Severability. If any provision is held invalid or unenforceable, the remaining provisions remain in force, and the invalid provision will be enforced to the maximum extent permitted by law.

14.4 No waiver of statutory rights. Nothing in this Agreement waives rights or remedies under the CBCA, including oppression remedies and dissent rights that cannot be contracted out of where applicable.

14.5 Counterparts; electronic signatures. This Agreement may be signed in counterparts and by electronic signature, each of which is deemed an original.

15. NOTICE OF UNANIMOUS SHAREHOLDERS AGREEMENT TO TRANSFEREES

15.1 Legend/notice. The Company will record in its securities register and on any share certificate, if certificates are ever issued, that the shares are subject to this Agreement.

15.2 Mandatory joinder. Any transferee of shares must execute a joinder agreeing to be bound by this Agreement as a condition of transfer.

15.3 Risk if no notice. If notice is not given to a purchaser or transferee of the existence of this Agreement where required, the purchaser or transferee may have statutory rescission rights under the CBCA.

REMAINDER OF PAGE LEFT BLANK ON PURPOSE

EXECUTION

IN WITNESS WHEREOF, the Parties have executed this Agreement effective as of the Effective Date.

APPENDIX A – FOUNDER ROLE DESCRIPTIONS

These role descriptions are operational expectations and do not, by themselves, create employment. Specific duties and compensation may be set out in separate agreements approved as required.

A.1 Matheus Carvalho Pessanha (CLOO)

- Coordinates corporate structure, governance, and compliance; maintains the corporate minute book and records.
- Leads contracts workflow, policy drafting, risk management, and coordinates external legal counsel when required.
- Oversees finance operations: banking setup, bookkeeping coordination, tax filing coordination, and internal controls with third parties as required.
- Oversees HR administration and contractor onboarding documentation.

A.2 Charles Bamam Medeiros de Souza (CPO)

- Leads product roadmap, UI/UX direction, and user experience improvements.
- Leads AI product integration and product requirements for ZECA AI features.
- Coordinates product design documentation and feature specifications.

A.3 Igor Schkrab Alves (CTO)

- Owns technical architecture, backend systems, infrastructure, security, and scalability.
- Leads codebase management, repositories, deployments, and system upgrades.

- Implements security practices, access controls, and incident response readiness.

A.4 Joel Alves Lima (CMO)

- Owns brand direction, growth funnels, influencer and creator partnerships, and user acquisition strategy.
- Designs and tests campaigns, tracks conversion metrics, and improves performance.
- Leads content strategy and distribution systems across channels.

A.5 Vinicius Pettan Tedesco (CCO)

- Leads B2B onboarding and commercial growth; owns outbound and referral playbooks.
- Manages client relationships, commercial negotiations, and commercial pipeline reporting.
- Supports operational execution for sales-related fulfillment and hiring needs, with approvals as required.

REMAINDER OF PAGE LEFT BLANK ON PURPOSE

APPENDIX B – INTELLECTUAL PROPERTY ASSIGNMENT, EXCLUDED IP, AND BACKGROUND IP LICENSE

This Appendix B is an integral part of the Agreement. Capitalized terms not defined here have the meanings given in the Agreement.

Founder review instruction for Appendix B:

Each Founder should review only their own sections below. You may keep, delete, or edit any option that applies to you. General descriptions are acceptable if exact file names, repository names, or system names are not yet known. More specificity is better where available.

B.1 Assignment of Assigned IP

Each Founder (“Assignor”) hereby assigns to PerguntaProzeca Inc. (“Company”) all right, title, and interest in and to all Assigned IP and Company Work Product created, authored, developed, conceived, reduced to practice, or otherwise contributed by that Founder, alone or jointly, specifically for the Company or its business, whether before, on, or after the Effective Date, to the extent such materials were created for the Company, incorporated into the Company’s products, services, branding, systems, operations, or commercial activities, or otherwise expressly contributed to the Company.

B.2 Assignment of Contributed Platform Assets

Without limiting Section B.1, the following Contributed Platform Assets are intended to be assigned to the Company, to the extent owned or controlled by the applicable Founder and to the extent selected, described, or left in place below. Any bracketed items may be completed, deleted, or revised by the applicable Founder before signing.

B.2.1 Igor – Technical / Native Goods / Platform Assets

Igor – Assigned Contributed Platform Assets: The specific Native Goods codebase, repositories, infrastructure, deployment materials, database schema, APIs, technical documentation, and related technical assets that are actively contributed for use in the Company’s business, together with all Company-specific modifications, integrations, updates, and derivative works.

- This assignment includes the right for the Company to modify, maintain, commercialize, sublicense as part of the Company’s business, and further develop the assigned platform assets without further approval from Igor.
- This assignment includes all Company-specific integrations between Native Goods and ZECA AI contributed for Company use.
- This assignment does not include unrelated personal tools, generic reusable libraries, or third-party or NDA-restricted materials unless expressly listed as assigned.

B.2.2 Charles – Product / ZECA AI / Design Assets

Charles – Assigned Contributed Platform Assets: The specific ZECA AI product materials, UI/UX artifacts, prompt structures, feature definitions, workflows, documentation, and other product assets actively contributed by Charles for integration into the Company’s products and services, together with all Company-specific modifications and derivative works.

- This assignment includes all Company-specific improvements, refinements, adaptations, and integrations relating to ZECA AI product contributions made for the Company.
- This assignment does not include unrelated personal design systems, generic frameworks, reusable templates, or third-party or NDA-restricted materials unless expressly listed as assigned.

B.2.3 Joel – Marketing / Growth Assets

Joel – Assigned Contributed Platform Assets: The specific marketing campaigns, funnel structures, creative assets, campaign documentation, messaging frameworks, brand-growth systems, and related materials actively created or contributed by Joel for the Company, together with all Company-specific modifications and derivative works.

B.2.4 Vinicius – Commercial / Sales Assets

Vinicius – Assigned Contributed Platform Assets: The specific commercial onboarding materials, outbound scripts, partnership frameworks, sales documentation, and related commercial systems actively created or contributed by Vinicius for the Company, together with all Company-specific modifications and derivative works.

B.2.5 Matt – Legal / Governance / Operations Assets

Matt – Assigned Contributed Platform Assets: The specific governance, legal, compliance, operations, onboarding, and internal procedure documents actively created or contributed by Matt for the Company, together with all Company-specific modifications and derivative works.

B.3 No transfer of Background IP or Excluded IP

Notwithstanding anything else in this Agreement, no Founder assigns, transfers, or conveys to the Company any Background IP or Excluded IP, except to the extent expressly identified in writing as assigned property. Ownership of all Background IP and Excluded IP shall remain with the applicable Founder or third-party owner.

B.4 License to necessary Background IP

To the extent any Founder's Background IP or Excluded IP is incorporated into, required for, or reasonably necessary for the Company's use, operation, maintenance, support, or commercialization of any validly assigned Contributed Platform Asset or other Assigned IP, that Founder grants to the Company a non-exclusive, worldwide, royalty-free, fully paid-up, irrevocable, perpetual license to use, reproduce, display, perform, modify, maintain, and internally sublicense such Background IP or Excluded IP solely as necessary to operate, support, improve, and commercialize the Company's business and the assigned asset with which such Background IP or Excluded IP is used. For clarity, this license does not transfer ownership of such Background IP or Excluded IP to the Company.

B.4A Examples of Licensed Background IP (optional working guide)

The following are examples of items that may remain owned by a Founder but be licensed to the Company under Section B.4 if reasonably necessary for the Company's use of assigned assets:

- internal utilities used to support deployment or maintenance;
- general-purpose code libraries used across multiple projects;
- prompt frameworks or workflow structures used across multiple products;
- reusable campaign systems or templates;
- internal operating frameworks or templates used across multiple businesses; and
- third-party tools, connectors, or licensed materials that cannot legally be assigned.

B.5 Included Contributions

Without limiting Sections B.1 and B.2, the following categories may constitute Assigned IP only to the extent actually contributed to the Company and not otherwise listed as Excluded IP:

- Company-specific product materials, features, and design artifacts contributed for the Company;
- Company-specific code, repositories, backend modules, infrastructure configurations, deployment materials, and technical documentation contributed for the Company;

- Company-specific marketing systems, campaigns, funnel assets, branding deliverables, and creative documentation contributed for the Company;
- Company-specific commercial systems, sales playbooks, onboarding materials, and partnership frameworks contributed for the Company;
- Company-specific legal, governance, compliance, and operating documentation created for the Company; and
- Company-specific improvements, derivative works, modifications, and updates to any of the foregoing created for the Company.

B.6 Excluded IP Schedule

Each Founder should review the examples below, delete anything that does not apply, and add any specific items they want clearly excluded from assignment. General category descriptions are acceptable at this stage if exact file names or repository names are not yet known.

B.6.1 Matt – Excluded IP

- personal legal templates not specifically created for the Company
- reusable compliance frameworks or clause libraries used across other businesses
- internal systems, tools, or documentation created before the Company
- third-party or confidential materials subject to separate restrictions

B.6.2 Charles – Excluded IP

- pre-existing design systems or UI/UX frameworks not specifically contributed to the Company
- prompt libraries, product frameworks, or workflow systems used across other projects
- product concepts or prototypes not contributed to the Company
- third-party or NDA-restricted materials

B.6.3 Igor – Excluded IP

- pre-existing code libraries, frameworks, utilities, or infrastructure tools
- generic deployment systems, scripts, DevOps components, or automation tools used across multiple projects
- repositories, modules, or technical assets not specifically contributed to the Company
- third-party code, licensed materials, open-source combinations not solely owned by Igor, or NDA-restricted materials
- side projects unrelated to the Company

B.6.4 Joel – Excluded IP

- reusable campaign frameworks, brand systems, messaging systems, or templates used across other businesses
- creator or influencer systems not specifically contributed to the Company
- third-party licensed creative materials or NDA-restricted campaign materials
- side projects unrelated to the Company

B.6.5 Vinicius – Excluded IP

- reusable sales frameworks, commercial scripts, CRM systems, or onboarding materials used across other businesses
- personal relationship assets, unrelated business opportunities, or non-Company commercial systems
- third-party materials or NDA-restricted documents
- side projects unrelated to the Company

B.7 No implied assignment from use alone

No intellectual property shall be deemed assigned to the Company solely because it was discussed with the Company, demonstrated to the Company, compatible with the Company, or used by a Founder across multiple businesses or projects. Assignment requires that the relevant asset be Assigned IP, Company Work Product, a Contributed Platform Asset expressly identified as assigned, or otherwise expressly transferred in writing.

B.8 Moral rights waiver

To the extent permitted by applicable law, each Founder waives any moral rights in Assigned IP and Company Work Product validly assigned to the Company under this Appendix B, and consents to the Company's use, modification, and exploitation of such assigned materials without further approval.

B.9 Further assurances

Each Founder agrees to sign and deliver further documents reasonably requested by the Company to evidence, perfect, or enforce the Company's ownership of Assigned IP validly transferred under this Agreement, or the Company's license rights under Section B.4.

B.10 Founder representations

Each Founder represents, to the best of their knowledge, that:

- (a) they have the right to assign any Assigned IP they purport to assign under this Appendix B;
- (b) the listing of Excluded IP is made in good faith; and
- (c) they are not knowingly contributing materials in violation of third-party rights, confidentiality restrictions, or contractual prohibitions.

B.11 Conflict rule

If there is any conflict between a broad description of contributed assets and a specific item listed as Excluded IP, the specific Excluded IP listing shall control unless the applicable Founder expressly agrees otherwise in writing.

Signed by each Founder below, or by signing the Agreement, which includes this Appendix B:

APPENDIX C – SHARE ISSUANCE & VESTING ENFORCEMENT TEMPLATES

These are templates intended to be completed at Closing. They are included to operationalize vesting and repurchase. Counsel review is recommended before execution.

C.1 Founder Share Subscription Agreement (Template)

Subscriber: _____

Company: PerguntaProzeca Inc.

Share class: Class A Common Shares

Number of shares: _____

Issue price: CAD \$0.01 per share (or as approved)

Consideration: cash and/or past services and/or property as approved by the Board; Subscriber acknowledges shares are fully paid upon issuance as determined by Board resolution.

Restrictions: Shares are subject to the Agreement, including vesting and the Company Repurchase Option for Unvested Shares.

Signature: _____ Date: _____

C.2 Restricted Share Repurchase Option Notice (Template)

The Company hereby gives notice that the Subscriber's shares are subject to the Company Repurchase Option for Unvested Shares as set out in Section 4 of the Agreement and the vesting schedule applicable to the Subscriber.

Subscriber initials: _____ Company initials: _____

C.3 Share Transfer Power (Blank) and Escrow Instructions (Template)

Subscriber irrevocably signs a blank share transfer power for Unvested Shares and delivers it to escrow with instructions that, upon written confirmation of an exercise of the Repurchase Option in accordance with the Agreement, the escrow agent may complete and deliver the transfer to the Company for registration.

Subscriber signature: _____ Date: _____

C.4 Limited Power of Attorney for Share Transfers (Template)

The Subscriber appoints the Company, acting through an officer designated by the Board, as the Subscriber's attorney solely to complete, deliver, and register share transfer documents for Unvested Shares when the Repurchase Option is validly exercised under the Agreement. This power is coupled with an interest and is irrevocable to the extent permitted by law.

Subscriber signature: _____ Date: _____

C.5 Solvency Certificate (Template)

The undersigned directors certify that, after reasonable inquiry, they have reasonable grounds for believing that the Company satisfies the Solvency Test immediately before and after the proposed payment, whether dividend, distribution, redemption, or repurchase.

Director name/signature: _____ Date: _____

Director name/signature: _____ Date: _____

C.6 Closing Resolutions Checklist (Template)

- Board resolution: approve Founder share issuances and confirm consideration and stated capital entries.
- Board resolution: appoint initial officers and confirm signing authorities; open bank account.
- Board/shareholder resolution: elect/appoint directors in accordance with Section 7.

- Board resolution: approve and accept Appendix B IP assignment; direct filing/recording of IP ownership evidence.
- Board resolution: reserve the Reserved Equity Pool and approve any equity plan framework, if any.
- Update securities register and cap table; include legend that shares are subject to this Agreement.

REMAINDER OF PAGE LEFT BLANK ON PURPOSE

APPENDIX D – RESERVED EQUITY POOL ALLOCATION POLICY

Pool size: 100,000 Class A Common Shares (10% fully diluted).

Managed by: Board, subject to Founder Supermajority Approval for any issuance.

Default vesting: 4-year vesting with 1-year cliff for service-based grants unless otherwise approved as a Reserved Matter.

FMV for buy-in: Unless approved otherwise as a Reserved Matter, equity issued for cash buy-in should be issued at FMV as determined in good faith by the Board.

APPENDIX E – EXAMPLE INVESTOR TERM SHEET (ILLUSTRATIVE ONLY)

This term sheet is illustrative only. The rights of any Class B Shares are governed by the Company's Articles and definitive investment agreements consistent with the Articles and the CBCA.

Investor Name: [To Be Determined]

Amount Committed: \$[###,###] CAD
